The Honorable Ed L. Hatley, Mayor
Members of the City Council
Lincolnton, North Carolina

Mayor Hatley and Members of the City Council:

Pursuant to Section 159-11 of the North Carolina General Statutes, attached is the proposed operating budget for the fiscal year 2023-24. The budget includes six major funds and totals \$32,462,464.00. I want to thank the Mayor and Council, all the management team, and staff members who worked so hard to put this budget together. With the direction given to us by City Council at our March Budget Retreat and April Budget Workshop, we were able to create a budget that meets our day-to-day needs but also includes funding for much-needed capital projects. Once again, this year, we utilized our Strategic Plan goals to drive the budget process and future projects.

A public hearing for the June City Council meeting will be scheduled as required by NC General Statute 159-12. At this time, comments and questions can be received from the general public regarding the proposed budget. City Council may have as many budget work sessions as they choose leading up to the adoption deadline of June 30, 2023.

GENERAL FUND

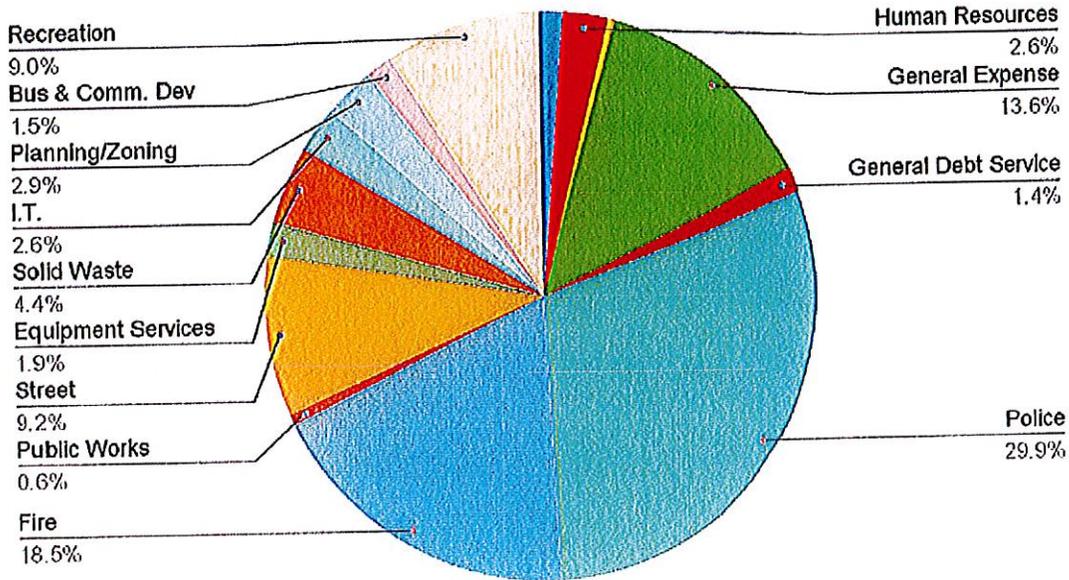

The proposed General Fund budget is \$14,457,785. This budget is balanced with a property tax rate of \$0.50 per \$100 of assessed property value. This is a reduction of \$.06 from last year's tax rate. We saw a dramatic increase in our Ad Valorem Levy (Property Tax), creating a neutral tax rate of \$.376. Unfortunately, our expenses have grown dramatically as well. The current tax rate should allow us to meet our needs for the next four years. The General Fund contains the majority of city services, including public safety, solid waste, street, finance, planning and zoning, recreation, business and community development, information and technology, human resources, and the city manager's office.

Budget Message - FY 2022-23

Revenues continue to remain strong in the General Fund. Lincoln County Tax Department is projecting an increase in property tax valuations of approximately 49%. Also, our Local Sales Tax has continued to increase each year and is projected to be at \$4,700,000. We are also projecting increases in the NC Vehicle Tax and the local license fee. Most of the other revenues are projected to be at least within last year's levels. It should be noted that we have continued to be conservative when predicting the revenues for the next fiscal year. This will hopefully protect us if we see the economy start to decline.

Some additional costs in this year's General Fund budget are the pay and class study, capital, and the addition of staff in the recreation (2) and police (1) departments. The pay and class study included administrative positions and parks and recreation. Also, we have included several capital projects in the General Fund budget. Some of those are computers and equipment for police cars, building upgrades for City Hall, a new mower for the street department, new HVAC units for the Lentz Center Gym, a match for the CMAQ sidewalk grant, and PPE equipment for the fire department. Additionally, we have included significant increases in our infrastructure line items. The following chart shows a breakdown of the General Fund expenses by department:

General Fund Expenses by Department

Department heads were asked to identify needs within their respective areas. These items were presented in the budget discussions with Council. In addition to reviewing these requests, we

Budget Message - FY 2022-23

have used a zero-based budget approach to reduce operational budget line item requests by \$526,915. Contributing factors to this reduction mainly included capital expenditures.

OCCUPANCY TAX FUND

The Occupancy Tax Fund is no longer included in the City's operating budget and is only reported as a component for reporting purposes. The six-member board that was created by City Council has full authority to appropriate the funds as they see fit. All the initial enabling legislation requirements are still in effect for the Tourism Authority to comply with.

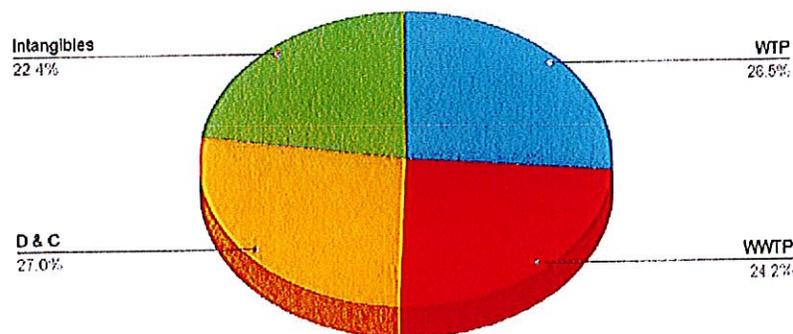

POWELL BILL FUND

The proposed Powell Bill Fund budget is \$326,000. These funds will be used to continue our traditional street repaving and repairs. The remaining fund balance will be approximately \$314,000. Powell Bill proceeds continue to be a critical source of state revenue in assisting municipalities in meeting their street-related needs.

WATER AND SEWER FUND

The proposed Water and Sewer Fund budget is \$8,272,950, which is slightly higher than last year's budget. This fund is made up of four departments: Water Treatment Plant, Distribution and Collection, Wastewater Treatment Plant, and Water & Sewer Intangibles. We have allocated over \$943,500 of capital to be spent in the Water and Sewer Fund. The chart below shows the breakdown of the Water and Sewer Fund expenditures by department:

W&S Fund Expenditures by Department

Budget Message - FY 2022-23

The water and sewer rates will remain the same for FY 2023-24. It should be noted that we made our last bond payment in the 2022-23 FY Budget. This is reflected in the amount of funding we committed to infrastructure improvements in the Water and Sewer Fund for this coming fiscal year.

The City is working consistently with Lincoln County, LEDA, and the Chamber of Commerce to identify potential business customers. There is a requirement to be able to cover operating costs from generated revenues for the Water and Sewer Fund. While there is a healthy fund balance of approximately \$5.5 million, this can only be used for capital expenditures. In the future, we will need to either add water and sewer customers or adjust our rates to keep up with inflationary expenses.

ELECTRIC FUND

The proposed Electric Fund budget is \$7,922,729. The fund balance as of the end of FY2021-22 is \$6.3 million, which is a significant increase from last year. As in years past, we will not have an increase in rates. The management team at Electricities has done an excellent job managing the restructuring of debt, the reallocation of working capital, and giving the members of the North Carolina Municipal Power Agency #1 (NCMPA#1) options on stabilizing rates in the future. I feel confident that our rate structure will continue to be in a competitive position for years to come.

We have allocated for several capital purchases in the Electric Fund during the FY 2023-24. Some of these capital expenditures will include purchasing new transformers, traffic lights, meters, and a backyard machine. Also, we have added money to assist with the final upgrades to the substation on S. Flint Street. In the future, we will need to explore the addition of another substation closer to the north side of our system. This should be identified when developing our 10-year CIP for the Electric Department.

BOGER CITY FIRE DISTRICT FUND

The Boger City Volunteer Fire Department merged its operations with the Lincolnton Fire Department in FY 2020-21. Under the new arrangement, Lincoln County contracts with the City to provide fire protection services for the Boger City Fire District; in return, the City receives the fire tax revenue for the district. We have projected revenues to be \$1,483,000 for the FY 2023-24.

SUMMARY

Budget Message - FY 2022-23

As in years past, the budget process uses the City's Strategic Plan to plan present and future needs. The following four goals were used to identify the needs for this year's budget:

- Infrastructure
- Employee Benefits
- Downtown Development
- Recreation

We have continued to explore every possible opportunity to cut costs and be more efficient in everything we do. I am so proud of our staff and management team for all they do to provide a high level of service with an emphasis on the customer. We have continued to receive a tremendous amount of positive feedback from our citizens regarding our employees and their work. Once again, I would like to thank all of them for their hard work and dedication to the City of Lincolnton.

Also, I would like to thank City Council for their support during this budget process. It is refreshing to see members of the Council and staff having round table discussions about the future of our city. This open dialogue has allowed us to find many solutions to the day-to-day issues we encounter as a community. Not only do we find many answers to our problems through this process, but we also continue to find ways to save taxpayers money. I am confident that we will continue improving our citizens' quality of life while assuring future financial stability.

In conclusion, I am recommending a \$32,462,464 operating budget for FY 2023-24 for the City of Lincolnton. I feel the proposed budget meets our departmental needs for this year and lays the groundwork for generations to come. The budget includes the funding for Group C of the pay study recommended by our consultants, a 2% yearly compression adjustment and a 3% COLA for all city employees, no increase in utility rates, no appropriations from our fund balances, and significant funding for capital projects and infrastructure improvements.

As always, I am available to answer any questions that you may have.

Respectfully submitted,

Richard C. Haynes
City Manager

FY 2023-2024 Fee Schedule Changes with explanations:

I. Cemetery Fees:

- a. Increase non-resident burial fees to reflect prices closer to other local gov't and neighboring cemeteries. The City only has ~ 820 plots left for burial and should be reserved more for residents. (See attachment)
- b. Charge a "one-time" perpetual maintenance fee – most cities charge this in addition to the plot fee.
- c. Combining engraving fees for Columbarium Niche purchases and increasing the non-resident price to be consistent with current second right interment pricing (\$300 difference). These prices increased per our vendor from \$125 to \$200 effective 3/1/2023. .
- d. Re-opening of grave – original non-resident was \$1500 and initial plot price as \$1200. Switch to make more in line with other local gov'ts (reference 'a' above).

II. Offenses & Miscellaneous Provisions:

- a. Golf cart registration fee increase by \$5.00 to cover increased cost of printing the sticker.

III. Planning and Zoning Administration: fee structure has not been adjusted since 2003. Changes are in line with the County and with municipalities similar in size to the City.

IV. Utility Services:

- a. Meter fees – supply costs have increased
- b. Yard lights – costs of supplies + increase
- c. Connections – supply costs have increased +

V. City Manager's Office: "Alleyway Closing" – addition with a \$50.00 Street Closing Request Fee + actual advertising costs per public

notice requirement. Place fee within Planning & Zoning's fee schedule.
